SUMMARY

Computer Science Engineering graduate with strong foundations in data structures, algorithms, object-oriented programming, databases and software development. Hands-on experience building applications using Python, Java, JavaScript, React.js, Django and SQL. Developed AI-based and full-stack projects involving computer vision, authentication, databases and web technologies. Seeking an entry-level Software Engineer / SDE role to build scalable software and solve real-world engineering problems.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering **2026**
Ghousia College of Engineering, Karnataka

TECHNICAL SKILLS

Languages	Python, Java, C, JavaScript, SQL
Data Structures	Arrays, Strings, Linked Lists, Stacks, Queues, Hashing, Trees, Sorting, Searching, Recursion
Computer Science	OOP, DBMS, Operating Systems, Computer Networks, Software Engineering
Frontend	HTML, CSS, JavaScript, React.js, Bootstrap, Tailwind CSS
Backend	Django, Node.js, JDBC, Servlets, JSP
Databases	MySQL, PostgreSQL, SQLite
Developer Tools	Git, GitHub, VS Code, npm
Libraries	OpenCV, NumPy, Pandas, Scikit-learn

EXPERIENCE

Java Full Stack Intern / Trainee – QSpiders **2026**
Rajajinagar, Bengaluru

- Practiced object-oriented programming and core Java concepts through application-oriented assignments.
- Developed database-driven applications using Java, JDBC and SQL.
- Worked with HTML, CSS, Bootstrap and JavaScript for frontend development.
- Implemented backend functionality using Java Servlets and JSP.
- Used Git and GitHub for source-code management and version control.

PROJECTS

AI-Based Smart Attendance System *Python, OpenCV, SQLite*

- Built face recognition attendance system using OpenCV and LBPH.
- Implemented blink-based liveness detection and SQLite attendance logging.

Ghousia Connect – Full Stack College Platform *Django, PostgreSQL, JavaScript*

- Developed a college platform with authentication, announcements and student resources.
- Built backend using Django and PostgreSQL.

Personal Portfolio Website *HTML, CSS, JavaScript*

- Built a responsive portfolio website to showcase projects and skills.

RESEARCH PUBLICATION

AI-Based Smart Attendance System Using Face Recognition
IRE Journals, Volume 9, Issue 6, December 2025.

RELEVANT COURSEWORK

Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Computer Vision and Machine Learning.

TRAINING

- NxtWave CCBP 4.0 – Full Stack / MERN Development
- QSpiders – Java Full Stack Development

ADDITIONAL

- Strong interest in Software Engineering, Full Stack Development and AI-powered applications.
- Comfortable working in collaborative development environments and learning new technologies quickly.
